STORYTELLING ACTIVITY:

The conflict took place at school in the classroom, the teacher decided to create groups for a school project.

Sofia is excluded from the peer group, because she is shy and quiet.

There are two mediators:

girl- Emma and boy- James.

The group considers that Sofia is too shy and doesn't say more about the project, and doesn't give many good ideas. The mediators invite them into the mediation room to resolve the conflict.

Emma asked two parties to explain the conflict, and try to find out why Sofia is excluded from the project.

Emma: Sofia, what happened? Why are you excluded from the group?

Sofia: I'm too shy and I think that's the reason why they excluded me. But I have many good ideas for this project and I want to share them.

James: Why are you excluding Sofia from the group?

Jessica: We don't want Sofia in Our group, because she is shy, So she can't explain the lesson in front of the class.

The girls talked together about the problem and Sofia admitted that she is already working on her shyness and she wants to present the project herself in front of the class to finally deal with your shyness. They start the work all together.
