

# ADDED VALUE OF THE CRE@TIVE CONFLICT RESOLUTION PROJECT

## **Continuing education course named: *Effective Teachers***

*Held by the staff of Auramea: the human being at the  
center of everything*

we learned to know each other better and to understand our students, even the difficult ones, in a deeper way. We could distinguish between a conflict and a confrontation; we tried to be empathetic, to accept and avoid judging the others, to know our students and the people around us better

# ADDED VALUE OF THE CRE@TIVE CONFLICT RESOLUTION PROJECT

## ***Continuing education course named: Effective Teachers***

*Held by the staff of Auramea: the human being at  
the center of everything*

If we succeed in becoming better teachers, if we solve our private problems, we will reflect our positive attitude on our students, who will be able to mature in a deeper way and manage to solve conflicts and difficulties with their peers.

## Benefits for the teaching-learning environment

- Learn and practice reflective tools for establishing common rules and develop conflict management and resolution skills;
- Develop working methods and approaches for building positive and welcoming environment;
- Analyze and improve current practices to develop a student-centered teaching approach;
- Get to know and experiment practical activities, ICT tools and cooperative techniques to use for interactive learning opportunities;
- Learn about the Flipped Classroom approach and concrete strategies to adopt it;
- Develop classroom management methods for personal, social and relational development (e.g. self-confidence, team building, leadership...);
- Get an overview of the trending innovative teaching methods and their benefits for the student learning process and attitude;
- Exchange best practices and share experiences about classroom management with teachers and education staff coming throughout Europe.

## FINAL CONSIDERATIONS

We would like to underline that the implementation of “Cre@tive Conflict Resolution and Peer to School Mediation” in our school, has had a positive cultural impact in our environment and has become more and more necessary after the long and difficult pandemic period, which has slowly but inexorably transformed our teenagers in more fragile and delicate people
